

# I Am NOT a “Domestic Terrorist”.

(May 2013)

- I am NOT a domestic terrorist just because I put my faith and trust in God and not in the Government.
- I am NOT a domestic terrorist just because I believe that my Rights come from God and not from the Government.
- I am NOT a domestic terrorist just because I want to be free instead of being controlled by the Government.
- I am NOT a domestic terrorist just because I want to be independent and self-sufficient instead of being dependent on the Government in a “Welfare State”.
- I am NOT a domestic terrorist just because I like George Washington and the Founding Fathers of America.
- I am NOT a domestic terrorist just because I am truly inspired by the *Mayflower Compact*, *Declaration of Independence*, and the *United States Constitution*.
- I am NOT a domestic terrorist just because I believe that the *U.S. Constitution* is one of the greatest Documents of Freedom ever written and that our Government should follow it instead of ignore it and/or trample upon it.
- I am NOT a domestic terrorist just because I believe that the Government should preserve, protect, and defend the *Constitution* instead of saying that it is outdated and useless while tossing it aside like it is yesterday’s newspaper.
- I am NOT a domestic terrorist just because I point out that the *Constitution* is meant to limit the power of the Government and NOT the power of The People.
- I am NOT a domestic terrorist just because I do not want the United States to lose its National Sovereignty.
- I am NOT a domestic terrorist just because I point out the fact that Socialism, Communism, and Fascism have NEVER worked in the history of mankind; they only led to corruption, control, deterioration, destruction, despair, and the deaths of millions upon millions of people.

- I am NOT a domestic terrorist just because I believe in small government instead of big government and tyrannical dictatorships.
- I am NOT a domestic terrorist just because I am displeased with how blatantly corrupt our Government has become and how it is controlled by international banks, multinational corporations, and powerful individuals behind closed doors.
- I am NOT a domestic terrorist just because I do not trust most of our politicians who repeatedly prove that they are pathological liars and are not working to serve The People.
- I am NOT a domestic terrorist just because I point out that politicians and the biased media always slander people who try to expose corruption and speak the Truth by calling them racist, extremist, Right-Wing, conspiracy theorists.
- I am NOT a domestic terrorist just because I do not like that whistleblowers are constantly being attacked by the Government instead of being protected and praised for courageously exposing corruption.
- I am NOT a domestic terrorist just because I do not like the Government taking away our freedom for a false sense of security.
- I am NOT a domestic terrorist just because I do not like the President bypassing Congress and secretly signing unnecessary Executive Orders like a dictator.
- I am NOT a domestic terrorist just because I do not like the Government passing countless laws to control The People while the politicians are “above the law” and can do whatever they want.
- I am NOT a domestic terrorist just because I point out that the Democrats and Republicans are equally corrupt since they are controlled by the same special interest groups behind the scenes and that they both work to prevent a third party from having a real chance at winning elections.
- I am NOT a domestic terrorist just because I do not like the President or other politicians constantly refusing to answer tough questions by tap-dancing around the issues or keeping secrets and claiming that it is for “national security”.
- I am NOT a domestic terrorist just because I do not like the TSA molesting everyone who wants to travel because it is for our “safety”.
- I am NOT a domestic terrorist just because I do not want surveillance cameras everywhere or drones flying around American towns and cities as if we were living in a “Police State”.

- I am NOT a domestic terrorist just because I do not want Government agencies listening to my phone calls, reading my emails, or entering my house without a legitimate reason and a warrant.
- I am NOT a domestic terrorist just because I do not like the IRS targeting patriots who love America, disagree with the Government on certain issues, and/or refuse to blindly trust politicians and the mainstream media.
- I am NOT a domestic terrorist just because I believe it is ridiculous that the Government wants excessive gun control (and even to ban them) and is willing to punish *the many who do the right thing* after the shootings that were committed by *the very few who do the wrong thing*.
- I am NOT a domestic terrorist just because I point out that a shotgun, bolt action rifle, or handgun with a limited magazine is not going to protect my family from burglars, gang members, or corrupt Government agents that come to my house with semi-automatic or automatic firearms.
- I am NOT a domestic terrorist just because I am concerned that the DHS purchased nearly two billion rounds of ammunition (mostly hollow-point) and armored vehicles, denied it, criticized those who exposed it, and then admitted it after they were caught...but still have not explained why, even to Congress.
- I am NOT a domestic terrorist just because I believe that *The Family* is the “Cornerstone of Society”.
- I am NOT a domestic terrorist just because I believe that pure, innocent, unborn children have a Right to *Life, Liberty, and the Pursuit of Happiness* like everyone else.
- I am NOT a domestic terrorist just because I point out that public schools are indoctrinating our children and dumbing them down so that they will conform and grow up to obey the authority of Government.
- I am NOT a domestic terrorist just because I point out that international banks and multinational corporations (“Global Elitists”) have control over our Government, economy, healthcare, education, Big Tech companies, and the mainstream media.
- I am NOT a domestic terrorist just because I am displeased with the blatant bias and dishonesty in the mainstream media and how little Truth we actually receive.
- I am NOT a domestic terrorist just because I do not want the Government to censor the Internet, hinder the free flow of information, or silence “opposition”.

- I am NOT a domestic terrorist just because I do not want fluoride, other harmful chemicals, or any types of pollutants in the water or in the air.
- I am NOT a domestic terrorist just because I do not want to eat any Genetically-Modified foods or those that are grown using harmful chemicals.
- I am NOT a domestic terrorist just because I want to homeschool my children, own a house and some “private property”, grow a garden, eat organic and healthy food, and drink clean water.
- I am NOT a domestic terrorist just because I point out that people like me are being portrayed in the media, in movies, in television programs, and by politicians as racists, extremists, conspiracy theorists, and “domestic terrorists”.
- I am NOT a domestic terrorist just because I point out that the Government is controlled by Fossil Fuel Companies, and they will NEVER let a trillion-dollar per year industry become obsolete by allowing new inventions to be used that produce safe, clean, free, and unlimited energy for everyone.
- I am NOT a domestic terrorist just because I point out that Big Pharma controls the WHO, medical schools and research facilities, and Government healthcare to maintain a trillion-dollar per year industry that profits from selling their drugs and vaccines while attacking/discrediting cheaper and natural alternative remedies.
- I am NOT a domestic terrorist just because I point out that spending more money is a ridiculous plan to get America out of debt, which proves that the Government has no intention of ever getting the nation out of debt.
- I am NOT a domestic terrorist just because I point out the fact that violence and war have NEVER brought true and lasting peace in the history of mankind for the same reason that we cannot “fight fire with fire”.
- I am NOT a domestic terrorist just because I believe that we have a responsibility to defend America and others who are too weak to defend themselves – but NOT to march around the world starting conflicts, overthrowing “dictators”, creating chaos, killing thousands, destabilizing nations, and then claiming it was all for “freedom” and “promoting democracy” when it was really for oil, drugs, and/or geo-political strategic planning to gain more money, power, and control.
- I am NOT a domestic terrorist just because I like to think for myself, strive to find the Truth, ask my own questions, do my own research, keep an open mind, and DO NOT blindly believe everything that I am told...even by supposed “experts”.

- **I am NOT a domestic terrorist just because I point out that the sky is blue, the Earth is round, and the “emperor has no clothes on”!**
