Future Leader's Address to The People and The Elitists

With the love and guidance from wise adults, our children will mature to one day become the leaders that the world needs. They will be “wise as serpents and harmless as doves”, fearless and yet compassionate, confident and yet humble. With strength and fiery love, our Future Leaders will take their stand in a way that has never been done before. This speech is an example of what they might boldly declare:

You, my brothers and sisters, must wake up! The time has come to awaken from your slumber! You must begin to understand the numerous ways that the “many” have been enslaved by the “few”. For so long, we have been used and abused by those who care about no one other than themselves and who are willing to do anything in order to steal our hard-earned money and the power that we should rightfully have over our own lives. The truth is that The Elitists have no power other than the power that we give them or unknowingly allow them to have.

We have been too distracted through incessant shopping for unnecessary goods, pursuing worthless goals like buying large houses and numerous cars, escaping from the reality of daily life with empty entertainment, wasting our time in idle chatter and gossip, dulling our senses with alcohol, destroying our minds with harmful drugs, as well as crippling our bodies through nicotine and poor diets.

We have also believed the lie that some people are just meant to live in poverty, and so they should have adapted to the terrible conditions around them. We have accepted that others are just meant to live better lives than everyone else, which is also untrue. We have been missing the balanced combination of power, wisdom, and love to do anything about these situations. That is the reason why we have allowed “The Takers” to continuously pillage our towns and plunder our wealth.

The time has now come for us to eliminate our human egos and be free of ignorance so that we may finally take control of our lives and build a glorious civilization based upon wisdom, love, purity, truth, peace, freedom, honor, joy, and abundance for ALL. Such a dream is not just a fantasy; it can manifest! However, we must first “awaken to reality”...expose and remove The Elitists from their lofty positions of power...discover who we truly are...and then strive to help society rise to incredible heights of spiritual, mental, emotional, and physical achievement.

We must choose to swim upstream against the destructive currents of society's limitations and the superficial boundaries of control. We must labor to BE our True Selves and share our unique gifts with others. By honoring our individuality and working together in peace and harmony, we will be able to achieve anything! We should always remember this wisdom: “If we can dream it, we can create it!”

I now declare to the “Hinderers of Progress” and “Murderers of Man”...you have seen your last days! For too long, you have plotted behind closed doors to manipulate, deceive, lie, cheat, steal, and kill through myriad unethical, immoral, and corrupt activities. You have lusted after wealth, power, and control with no concern for the well-being of other people, animals, or the environment.

You have tried to destroy the institution of the family, which is the cornerstone of society. You have dumbed-down education with the desire to keep the masses ignorant of your sinister plans. We have had enough! We proclaim today that we will no longer allow ourselves to remain in bondage and be treated like your slaves!

Did you really believe that you could continue destroying families with the evil intent of preventing children from having the necessary foundation that they need in order to properly develop and become incredible leaders? Did you believe that you could continue providing horrible education to prevent the youth of the world from one day arising to oust you from your stolen “Seats of Power”? Did you believe that you could continue corrupting our governments and using those spineless cowards to carry out your diabolical schemes? Did you believe that you could continue taking away our God-given rights without us realizing it or putting up a fight? Did you believe that you could continue keeping us misinformed by propaganda, lies, and half-truths through the biased and corrupt media that you control?

Did you really believe that you could continue hindering the progress of technology and alternative sources of energy to keep making trillions of dollars by the primitive use of fossil fuels? Did you believe that you could continue making trillions of dollars by causing us to be unhealthy and then convincing us that prescription and non-prescription drugs are the only effective remedies for every ailment, while falsely claiming that most natural and alternative methods are shams? Did you believe that you could continue making trillions of dollars by allowing the production, distribution, and sale of illegal drugs to take place, while pretending that you are working to stop the drugs from killing our brothers and sisters?

Did you really believe that you could continue manipulating Wall Street, forming near-monopolies, and using powerful financial institutions in order to influence the world economy and maintain control over entire nations? Did you believe that you could continue sending our fathers, mothers, brothers, and sisters into unnecessary wars and conflicts so that you could amass more wealth, power, and control? Did you believe that you could continue preventing poor nations from rising out of poverty in order to steal their land and natural resources?

Hypocrites! Manipulators! Pretenders! Liars! Spoilers! Murderers! Accusers of My Brethren! You are all “vampires” drinking the “blood” from good people around the world. You are the “serpents and vipers” that we have been taught about by our wise parents and teachers. Your promises mean nothing to us, for we are well-aware of your forked tongues. Thus far and no farther! Your day is done! You may have thought that the war was nearly over and that you were going to easily win. Know this, you proud and deceitful “wolves in sheep’s clothing”, that you have won nothing! In this Great Struggle between Light and Darkness...Good and Evil...the final battle has only just begun, and WE will be victorious!

We have been properly parented, and we have been properly educated. We are not “sleeping”, and we are not distracted. We can clearly see what evil deeds you are committing from “the shadows”. You have a limited repertoire of tricks up your sleeves, and we know all of them. You can no longer fool us! God is not mocked...and neither are we! We are not ignorant; we are not “lukewarm”; we are not sitting around and merely observing life passing us by; and we are not paralyzed by fear and doubt.

There will be a Revolution that will “overturn the tables” of The Elitists in every corner of society, and this will cause all of mankind to rejoice in their newfound freedom. We will have our victory! It will not come through violence or war, because we are the peacemakers and will not stoop to your level of using immoral strategies to accomplish our worthy and noble goals. Instead, this Glorious Revolution will come through our Sacred Labor of enlightening mankind and raising people’s consciousness! It has already begun...and you cannot stop it!

Do not mistake my “fire” as anger or hatred, for it is the pureness and sternness of Divine Love seeking to help raise up All of Life by illumining my brothers and sisters with the truth and exposing you as the frauds that you are. Like Shiva, I AM blazing an

*intense “fiery love” that will regenerate a world by consuming all **anti-love** and all **anti-illumination** wherever they are found!*

We know that the true power lies in the hands of The People. We will bring down your “house of cards”! You are nothing but “paper tigers”, and we do not fear you! We will illumine all of mankind and help The People to understand that the “shadows” you create on the “cave walls” are not real. We will empower all of mankind and help The People to be free from their “bondage”. We will no longer live as your “slaves”! We will not be your “pawns” in the “global chess game” that you are playing!

We, The People, will succeed with our Sacred Mission to build a magnificent civilization! It will be far greater than Egypt, Greece, Rome, and all of the other previous “Eras of Excellence” throughout our recorded history. We will create a Golden Age that far surpasses the Age of Pericles and any other Age of supposed “Greatness”. We will achieve what you have been trying so hard to prevent for such a long time. You never wanted The People to know that a Glorious Civilization was possible; WE are going to tell everyone! It will be done, and there is absolutely nothing that you can do to stop us!

*A Great Awakening is now taking place; soon, there will be no room for individuals like you on this Majestic Planet. Your grace has run out! Therefore, we strongly recommend that you all eat, drink, and be merry...for tomorrow WILL become “today”, and your “reign of tyranny” WILL be over once and for all! We will have a Mighty Victory, because we are **The Victorious Ones!***
